### Coffee you eat

They may look like chocolate, but locally produced Caffe Acapella candies are made with freshly ground coffee beans – no cacao beans, something we've not seen before.

Choose intense espresso or milkier cappuccino. Opt for the butter-crunchy addition of toffee or Caramel Macchiato (a ringer for a popular latte).

**Caffe Acapella Coffee Bars, \$3; Coffee Lovers Gift Set (12 cappuccino hearts, 4.2 ounces), \$15.**

At DiBruno's and Berwyn Coffee Co. or see <http://acapellafoods.com/locations.htm>.
